

WHAT THE LENOX® HERITAGE OF QUALITY AND PERFORMANCE MEANS FOR YOU.

The LENOX® name is inspired by the speed, strength and sharp teeth of the wolves that once roamed the hills near the western shore of Loch Lomond in Scotland - home to the Earl of LENOX®.

2015 marks 100 years of the LENOX® brand, we began our company in 1915, making the first LENOX® hacksaw blades with just ten employees. Now, over 100 years later, LENOX® remains dedicated to producing the highest quality, best performing cutting products. As a result, we have grown to employ more than 700 people.

Most of them work at our ISO 9001 certified facility in East Longmeadow, Massachusetts, U.S.A., where we design, test and manufacture a broad range of band saw blades of power tool accessories and hand tools. Professionals count on the performance of our products in more than 70 countries around the world.

We continue to invest in our facilities, strongly supporting research and development and integrating the most advanced manufacturing technology. The result is the breakthrough performance and endurance of our newest products - including our LENOX® Speed Slot T3 Hole saw and ARMOR™ Bandsaw blades.

Above all, we are committed to fully meeting the needs of our customers and ensuring complete satisfaction with our products and services.

If you are new to LENOX®, thank you for the opportunity to earn your business.
