

IRWIN®

In 1885, Charles Irwin patented the Auger bit and, along with four business partners, formed the IRWIN® Auger Bit Company in Ohio, USA. Over 125 years later, IRWIN® is still the leading manufacturer of wood drilling bits and accessories. No matter what wood drilling project you face, IRWIN® Tools makes a drill bit that performs the job better. Our mark of quality is stamped right on the shank of our full range of bits. Whether the job requires quick, clean holes, or precise finish work, IRWIN® has a bit for every application and every need.

Professionals can now improve their productivity and accuracy with IRWIN®'s innovative ranges. IRWIN® Blue Groove 4X and Blue Groove 6X wood boring bits raise-the-bar on tool quality and performance. The cutting edge technology incorporates true "cutting edges" that glide through the wood versus scraping its way through. The latest generation Blue Groove Power is adding extreme durability thanks to Bi-Metal Technology.
